DETAILED ACTION

Allowable Subject Matter

1. Claims 1-5, 28-30, 33, 21-22, 31, 34, 32, and 35 are allowed. Which were renumbered as 1-15, respectively.

2. The following is an examiner's statement of reasons for allowance:

The cited prior art of records does not teach a picture coding apparatus, comprising: a picture analyzing unit for analyzing source picture data to obtain coding difficulty information; a picture conversion unit for temporally converting a picture format of the source picture data to reduce temporally-redundant information, the picture conversion unit including: a bandwidth filter; a pel count converter; a frame/field decimation unit that decimates redundant frames and fields; a scan converter that converts the image signal received from the frame/field decimation unit to block scan data; and a preprocess controller that controls the frame/field decimation unit, pel count converter and scan converter based on the coding difficulty information; a coding unit for encoding picture data converted by the picture conversion unit; and a conversion controller for controlling the picture conversion unit based on the coding difficulty information to convert the picture format using at least temporal conversion.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
